### A Word to Republicans.

The hope of the party lies in the expansion of a stalwart Republican press. The Repubport a Democratic paper to the exclusion of one of his own party newspapers is untrue to the Republican cause.

Unanimously subscribed to by the National Republican League.

J. S. CLARKSON, President. A. B. HUMPHREY, Secretary.

A few months ago these cries were repeated with such seeming honesty and sincerity that many people were led to believe there was something in them, and they were not merely the latest cut and style of campaign lie just from the hands of Democratic artists long trained

hasn't much life left in it. The people have learned that there was no "Billion Dollar Congress," that no such amount of money was appropriated, and the Democrats now find they must expend as much as the Republicans, or else take the responsibility of starving some

That Democratic leader, Senator Gor-MAN, in a recent speech in the Senate thus exposed the hypocrisy and false pretenses of his party in dealing with this question:

I mean to say, Mr. President, that there s no power on earth, as the Government is now constituted, to enable the Demo-cratic party to reduce the appropriation of \$150,000,000 or more for pensions; there is no power in the party to which he or l belong to reduce the fixed expenditures of the Government, the interest on the public debt, etc.; there is no power on earth to reduce the expenditures for offices; there is no power to reduce taxation, and you cannot diminish expenditures.

In other words the Democrats lied when they charged the Republicans with extravagance, and they lied again when they promised to practice economy and reduce expenses.

Exposed and discredited at every point, what sort of campaign lies will the Bourbons produce this year? Do they really expect the people to believe 83 00 anything they may say? Can they not see what a help it would be to them now to have some slight reputation for truth and veracity?

In One Edifice Ten Persons Killed by a Stroke of Lightning,

And the Horrors of a Panic follow-Five Killed and Ten Injured in Church at Muclentes-The Famous Cathedrai at Bergos Damaged.

MADRID, June 14 .- Terrific thunderinjury by lightning is reported. The by their own local paper. electricity seemed to pick out the churches as the objects of which to show its power and unfortunately it did so while the services were in progress. At Meliss, in the province of Orense, the parish church, was crowded with worshipers attending mass when the storm burst. Though the peals of thunder were very loud and the flashes of lightning extremely vivid, not much attention was paid to the storm at first.

Suddenly a most terrific crash of thunder followed almost immediately a flash of lightning that was blinding in its intensity and caused the worshipers to spring to their feet in fear. Women shrieked in terror, little children clutched their parents in an agony of terror. For two or three seconds after the flash it was impossible to see anything, the transition from sudden brightness to extreme darkness rendering the people practically blind. The utmost confusion prevailed. Finally, when order was restored, the congregation were horrified to find that ten of their number had been struck by the lightning and instantly killed, and that twenty-

eight others had been seriously injured. When this became generally known the people were panic-stricken and rushed from the church in the peltering storm. Many of them, men, women, and children, sought refuge in the open space in the vicinity of the church, fearing to enter the church, and there they remained, drenched to the skin, until the storm passed over.

An almost similar scene occurred at Mucientes, in the province of Valladolid. The church in that village was also struck by lightning. Five of the worshipers were killed and ten injured.

At Burgos, capital of the province of that name, considerable damage was done to the famous cathedral by lightning. Burgos cathedral is one of the oldest buildings in Spain, being founded in 1221 and finished in 1567. The lightning displaced a portion of one of the walls and did other damage. Nobody in the cathedral was hurt.

The National Prohibition Convention. CINCINNATI, June 14.—At the prohibition convention to be held in this city, June 29, there will be 1,091 delegates. Woman suffrage will probably be in the platform. The chief topic of discussion is likely to relate to a proposition to change the name of the party, and to fraternize or join with other reform parties. There is a good prospect that 1,000,000 signatures to the pledge to support the prohibition candidate will be secured by the date of the convention. The vote was 249,945 in 1888, and if the 1,000,000 mark is reached gain in strength will be proved.

Hill, They bay, a Secondary Condition. NEW YORK, June 14.—The World Monday morning prints replies received from nearly all the democratic state committeemen in answer to the question whether they will give their support to the ticket no matter who was nominated at Chicago. The substance of the answers is that they will work for whoever is nominated at Chicago. They are democrats first and Hill men afterward. Hill is their favorite, but if Cleveland is named they will give him just as good and enthusiastic support.

Congressman Holman's Jubilee. WASHINGTON, June 14 .- On Thursday, the 16th, William Steele Holman, of Indiana, and his wife, Abigail Knapp Holman, will celebrate the fiftieth anniversary of their marriage. So happy an event is rare in the careers of public men in Washington, and when the perlike judge Holman, whose name and nicknames of "Great Objector" and 'Watch-dog of the Treasury" are household words all over the land, the occasion becomes an especially notable

Will Notify Mr. Harrison Next Monday. WASHINGTON, June 14.—The president has received a telegram from Gov. Mc-Kinley, chairman of the committee appointed by the republican convention to notify President Harrison of his renomination, asking if it would be convenient to him to receive the committee Monday next. The president responded in the affirmative.

Falling Rivers.

BURLINGTON, Ia., June 14.—St. Louis, Keokuk and Northwestern trains are now being run over their own track to Burlington for the first time in three weeks, the river having fallen low enough to permit it. The water still covers the track at Alexandria. There is no anticipation of further trouble.

Judge Bradley's Successor. WILMINGTON, Del., June 14.—Geo. V. Massey, who so strongly supported Harrison, at the Minneapolis convention, it is rumored here, has been of-ficially notified that he will receive the judgeship of the supreme court,

made vacant by Justice Bradley's death. Chilian Papers on the Nomination. VALPARAISO, June 14 .- Chilian papers, in commenting upon President Harrison's nomination, say that they hope he will not be re-elected. The editors, however, state that they derive much consolation from Mr. Blaine's de-
